

Peabody & Arnold to Join Harris Beach Murtha

By Peabody & Arnold on June 29, 2026

We are excited to announce our combination with Harris Beach Murtha. The combination means we bring all of our talent and 127-year history to strengthen and expand Harris Beach Murtha and the services we provide to our clients. Peabody & Arnold brings new and enhanced capabilities to Harris Beach Murtha, including nationally recognized transactional and management liability coverage practices, deep experience navigating insurance coverage disputes, and professional liability defense, while supplementing Harris Beach Murtha's services in a number of areas, including labor and employment, medical and life sciences, health care and long-term care, and business litigation, as well as product liability and mass torts. Once final, Harris Beach Murtha will have well over 300 attorneys working across 19 offices and in more than 30 major practice areas, while more than doubling its presence in the Boston market. The combined firm will continue its strong history of community service and pro bono work throughout its geographical footprint. The firms will work toward full integration in the late-summer timeframe, but collaboration among attorneys, clients and referral sources will begin immediately.
